## FROM THE EDITOR:

We have another great term coming up, with most of our regular classes continuing, and a varied and interesting selection of talks.

Many of you have been eagerly awaiting Tony Thomson's course on Comparative Religion, which is scheduled this term on five consecutive Tuesdays, commencing on 16th October. See page 4 for details. Committee has decided that rather than interrupt the course on 6th November, the day of the Melbourne Cup, the talk for this day only will be from 12:00 noon to 2:00 pm. All other talks in this series will be from 2:00 to 4:00 pm.

A few weeks ago Peter Beale gave a presentation where he introduced the Brain Gym. We had a good attendance and great interest was shown in learning how to challenge and stretch our brains. We are now asking for expressions of interest in an extended course of 8 lessons, to take place in the first term of 2013. Full information can be found on page 3, and we encourage you to contact Harvey so that he can proceed with the arrangements.

Please come along to the AGM on 12th December, it is an opportunity to meet your incoming committee and fellow members.

To those of you who are unable to be there on that day, my very best wishes for a happy and healthy year to come.

- Betty Siegman

## FROM THE PRESIDENT:

Our association, our U3A, is bound to change, in one way and another as the years go by. It is almost 14 years since we first came together, and ten of our original founders are still with us, including Peter & Claire Wood, Cam & Dorothy Rhodes, Tom & Judith Marish, Eva Seale, Charlie Proctor, Marie Cioccarelli, and Jean Taylor.

One of these founders, Peter Wood - known as "Pierre du Bois" when he attended the French Conversation class - was made a Life Member a few years ago in recognition of his work for our U3A. In recent months, Peter has not been in the best of health. Doreen and others have sent our best wishes to both Peter and Claire.

Pam McGlenn and Betty Siegman, who joined more than 13 years ago, and Jayne Davis who joined 10 years ago, are still actively contributing to our activities as well as serving on the Committee. But Jayne, too, has not been in the best of health and has recently lost her sister. She wants to step down from the Committee at the end of the year and Betty, who has assembled and edited our newsletter for the past three years, would prefer to hand over that role to someone else at the end of this year.

These are not the only changes that loom ahead of us. Our Publicity Officer, Diane Cunningham, has resigned from the Committee for reasons of health and other commitments. In the short term, we have divided publicity tasks amongst the rest of the Committee, but we will need a replacement to oversee distribution of publicity leaflets to libraries, give occasional short talks about our activities at retirement villages, etc.

So we are looking for at least two new Committee members for next year. One to replace Jayne (and perhaps take on the newsletter?) and one to serve as publicity officer. Are you willing to consider it? Please have a chat with a committee member.

And now a reminder... there will be no need to complete a membership renewal form for next year. To renew, you will simply need to pay the fee to the Treasurer (in person, or by post, or by internet banking; account details to follow with AGM notice). A receipt and your membership badge will be sent to you in due course.

This change does mean that from now onwards you need to let the Membership officer know (that's me!) if you have changed your address. Otherwise you will not receive your newsletters - or your badge!

- John Collis

## COURSE CO-ORDINATOR'S REPORT:

This term we have seven guest speakers.

Trevor Kruger concludes his series on *Being Human* with a talk on 'Remembering and Forgetting'. He will explore why we remember many things, such as driving but forget where we put the TV remote. We have all experienced these situations, so come along and find out some more.

Our first talk in November begins with Brendon McGrath's talk on *WWII Goes to the Movies*. He will look at the many big blockbuster war movies as well as some of the film war heroes of this time.

Have you ever wondered 'Where did my ancestors come from?' Our next talk in November will look at *Genealogy*, the study of researching your ancestors. Our speaker will help you get started, and will guide you through where to look and what to look for. This can be a very rewarding and sometimes surprising activity!

Margaret Blundell returns to conclude her talk on photography with a look at *Harold Cazneaux*. Margaret will look at the man and his work in Sydney, his famous clients and what happened to his photographic legacy.

The last talk in November will be from Martin Reid from *Australian Hearing*. Martin will give a detailed talk on the incidence of hearing loss in the community; what it is; and what can be done about it. You can also have a hearing test! Many of us may have a hearing loss to some degree so this here is an opportunity to 'hear' more!

Grahame Peak will return in early December to talk about social development. His discussion will cover the nature of social relationships in late adulthood. The topics include marriage, divorce, remarriage, co-habitation, childless older adults as well as grandchildren and great grand children. Come along and learn more from Graham's interactive learning style.

Rita Richards will conclude the year with her talk on *Easter Island* and what happened there. Rita will explore the mystery of the statues and what happened to the population.

My thanks go to the many guest speakers (members and non-members) who have offered their time to talk to us this year. A lot of work goes into these talks, and their efforts are very much appreciated by our members. I would also like to thank Tom Marish, Tommy Thomas and John Collis who have made themselves available to operate the computer and projector. Lastly, my sincere thanks go to the committee members who have been secretaries at our talks. Many thanks everyone!

**BRAIN GYM COURSE:**

In July of this year a number of our members attended a one day introduction to Peter Beale's Brain Gym Program.

Following the success of this day I am looking for expressions of interest from members who would be interested in a full 8 week program in term one next year. The start date would be Tuesday February 5<sup>th</sup> at 1:30 pm. Each session is two hours long including a break for afternoon tea.

Brain Gym is a program developed to exercise the seven major mental functions, namely; verbal, numerical and spatial abilities: short and long term memory: logic; and creativity. All this is conducted in a non-competitive environment where each member can improve his or her mental skills.

It is estimated that the full cost would be no more than \$25 each. For this you will receive a folder, all worksheets and a set of tangrams, as well as attendance at the course.

If you are interested please contact me by telephone 4392 3310 or email (preferred) [hjb4556@gmail.com](mailto:hjb4556@gmail.com) by Friday October 26th.

If there is sufficient interest then I shall send out an enrolment form for you to complete and return to me with your money by Wednesday 12<sup>th</sup> December - the day of our AGM.

- *Harvey Birtwistle, Course Coordinator*

**WELFARE REPORT:**

During the third term five cards were sent on behalf of all members of U3ATL to those members and/or their families who had experienced ill health, hospitalization, or, sadly, death.

We continue to receive appreciation of our efforts to let members know that though they may be "out of sight" they are never "out of mind".

We all hope to see Tommy Thomas back on deck soon, and send him our best wishes.

Thank you to those members who keep me informed, your efforts are most appreciated.

**WHAT HAPPENED ON EASTER ISLAND?****FRIDAY**

Speaker: Rita Richards

Easter Island in the South Pacific is famous for its mysterious *moai* – more than eight hundred giant statues, each weighing several tons, some more than 9m high. Once supporting a population of ten to fifteen thousand, it was unpopulated when the Dutch navigator, Jacob Roggeveen, arrived on Easter Sunday, 1772. Two questions persist: how did the islanders move the statues to their current positions, and what happened to those people?
