## FROM THE EDITOR:

A considerable amount of time and energy is spent in putting this Newsletter together; I do hope that our members read ALL of it.

I know that many members are interested in only one activity, but it certainly helps to know what is going on in general in our U3A.

In particular, I'd like you to read the article on page 2, regarding a new variation on our Friday morning talks. We would really like to get this up and running, if only once or twice a year. I know many of you have had an interesting working life - please come and share some of it with us. Talk to Pam, she is only too happy to help you put some words together.

Our walking group is always ready to welcome new members. The walks are not too taxing, and there is always something interesting to see and learn about along the way. Photos of recent walks are on page 5 (courtesy of Tommy Thomas).

I hope you are all enjoying the cooler (!! ) weather, after all those weeks of complaining about the heat. We are now past the shortest day, and spring is around the corner.

- Editor

## FROM THE PRESIDENT:

Hello to you all, and welcome back for our third term of the year. Yes, that's right half the year gone already, and I won't even try to tell you how many days to Christmas.

Well after a summer we thought would never end, we have had a real cold blast and winter is well and truly here. Our year so far is progressing nicely and we have had some interesting talks. Our last one last term was the first of three from Betty Brown who is speaking to us about how Australia has been formed. A fascinating topic, and Betty is a very popular presenter who we have used before, and I'm sure will do so again. We only have three talks this term as the room was not available for us on the day on which we would normally have our presentation.

Elsewhere Betty Siegman will be asking those of you (and I know there are quite a few) who have had interesting careers to step up and speak to us about it. You don't have to speak for the whole 2 hours, we can break it up into half-hour segments and it is always fascinating to hear the background stories of people you think you know well, and find out all about them.

It will also soon be time to be looking for committee members for next year. I, myself will be finishing my three year stint as President, and there are other vacancies that will need to be filled.

Please don't hesitate if you would like to be on the committee but approach any one of us and we can fill you in on what is required of you.

I look forward to seeing you all in the coming weeks.

*Pam McGlinn*  
*President*

## \*\*\* NEW ACTIVITY \*\*\*

Your committee would like to trial something new at our Friday morning talks.

Our members come from many walks of life and have had interesting experiences along the way.

Is there something you could share with your fellow members?

What did you do in your working life?

Have you ever met someone 'famous' (even briefly)?

What was the funniest thing that ever happened to you?

Could you speak for perhaps even as little as 10 minutes? (Even if you have never spoken before in front of an audience, give it a go, the natives are all friendly).

If so, ring Pam, and we'll try to put together a segment at some time in the future.

## CONVERSATIONS

Are you interested in what is going on in the world? Topics we discussed last term were Lobbying, Human Rights, Globalisation, The European Union. Why not come along and have your say? It will be a very stimulating afternoon.

## SINGING FOR PLEASURE

A fairly small group, but we welcome new members. We have built up quite a repertoire, and like to think we are improving. But then so did Florence Foster Jenkins. Mainly it is a sociable, happy afternoon.

She served for 8 years, before ill-health forced her to retire in 1951. Prior to these achievements, she was best-known as the wife of the Premier of Tasmania and, later, Prime Minister of Australia, Joseph Lyons.
