## *From the President:*

The year 2000 has moved into the fourth quarter - how quickly this year seems to be passing.

The 15th September will be a very memorable day for Australia and for Sydney in particular as we host the 27th Olympic Games. May it be a wonderful and exciting display for our fine city.

This year has been an interesting and progressive one in so far that our membership has topped the fifty mark - indeed a most encouraging statistic for a society so young and inaugurated only in 1998.

Thanks to our Committee Members who have worked so diligently to prepare all phases of the work required for a most successful year. The measure of this success has been shown by the attendances recorded for the various sessions provided.

Some new ventures have been initiated and show promise of growth in the form of Cryptic Crosswords and the Movie Club - both highly recommended. They have already been in operation for some weeks and the interest is growing.

As your President, it has been my pleasure to have presided over our institution for the past two years. It has been relatively easy for me, having worked with such a fine Committee, and I hope that collectively we have provided for our Members the type of presentation in subject matter suitable to their requirements.

We wish the incoming Committee every success for the New Year and know that your support will be there for them at all times for the Year 2001.

Happy Olympic Games

**Peter Wood**
